Other varieties at special rates. Where over \$20 worth are ordered, we will bill them at 1000 rates.

## SPECIAL TO NURSERYMEN AND DEALERS.

We have a very fine stock of Eumelan, Martha and Walter, especially 2 year olds, and would like those who have not a stock of these varieties to insert them in their lists and depend upon us for a supply. Our stock of these varieties was originally from headquarters, viz:—Messrs. Hasbrouck & Bushnell, Knox, and L. M. Ferris & Son. A large portion of the two year olds are from No. 1 roots, transplanted.

In issuing our prices thus early in the season, we hold ourselves in readiness to reduce them on particular varieties, should responsible parties, who furnish strictly first-class stock, offer them below our rates. But we will not try to compete in prices with those Western dealers who, to make up for low prices, place their standard for No. 1 roots almost as low as our standard for No. 2 roots. For evidence as to the high quality of our vines, we would refer to the following parties, who have used more or less of our stock for the past six years:

Hon. J. Larrowe, Prest. Seneca Lake Grape & Wine Co., Hammondsport, N. Y.; Hon. E. B. Pottle, Ex-Prest. N. Y. State Grape Growers' Association, Naples, N. Y.; John E. Mottier, Prest. Lake Shore Grape Growers' Association, North East, Pa.; Hasbrouck & Bushnell, Iona Island, N. Y.; R. Cummings & Co., Pittsburgh, Pa.; Geo. W. Campbell, Delaware, Ohio; L. M. Ferris & Son, Poughkeepsie, N. Y.; I. H. Babcock & Co., Lockport, N. Y.; Merrell & Colman, Geneva, N. Y.

It is well-known among propagators that the soil and climate in this vicinity is admirably adapted to the growth of strong, healthy vines, which invariably produce the best of results, and give universal satisfaction. Located on the shore of Lake Erie, we have the full benefit that the influence of a large body of water always produces in the growth and development of the vine.

Our vines are grown in OPEN GROUND, without bottom heat or extra manuring (mostly from two bud cuttings) are remarkably healthy, well ripened, and warranted pure and true to name. We usually have no frosts until after the first of November, hence the roots and wood are usually well ripened.

Our roots are wintered in cellars, so we can ship to the South and South-west at almost any season of the year. Parties wishing to purchase are urged to order early so as to insure a good selection and secure the vines when wanted. Our packing is done with moss in the most careful manner, so as to insure safe carriage for long distances, and arrival in perfect order, even though a month in transit.

Located within three miles of Dunkirk, which is at the Junction of the Lake Shore and Erie Railways, we have unusual facilities for shipping to the East, West, South and South-west.

No charge for box, packing, or delivery at express or freight office. All responsibility for delays, accidents, etc., after the plants are shipped, must rest with the purchaser.

Terms—Cash with order, or C. O. D. Note at bank for 60 or 90 days will be accepted from dealers who furnish satisfactory bank reference.
